HYPNOS®

THE MOST COMFORTABLE BEDS IN THE WORLD

"Craftsmanship – individually handcrafted, made to measure luxury beds."

HYPNOS®

THE MOST COMFORTABLE BEDS IN THE WORLD

Hypnos works in partnership with interior designers to help them fulfil their design, styling and comfort needs. Together we create a bespoke bed, an authentic piece of furniture, and a sublime expression of enduring British craftsmanship.

Hypnos' assured quality is reinforced by a Royal Warrant from HM Queen Elizabeth II, which provides a mark of excellence, and underlines Hypnos' reputation for making the most comfortable beds in the world. In fact, with over 100 years of pocket sprung bed making experience, Hypnos beds can be found in many of the finest homes, palaces and hotels around the globe.

Hypnos - the God of Sleep

From homes and vacation properties to superyachts, boutique hotels and luxury apartments, this brochure highlights Hypnos' vigorous commitment to help interior designers create a true bedroom 'wow-factor'; to deliver a unique 'hand-holding' project management service and to protect the environment.

"Your clients will rave about their sleep, their comfort and their beds – they will be reassured to know that their beds are made by the Royal bed makers."

Personalisation...

First choose the required supportive-comfort level and degree of active body temperature management that is needed – we will help you explore all our models, including our firmer Orthos Support mattresses and softer Pillow Top mattresses. Then consider size, shape and an array of finishing touches that reflect the personality, decor and style of your client's bedroom.

Every design detail will be carefully considered, with a range of styling features available to create a bed as individual as your client, tailor-made to their exact requirements.

The divan will be hand upholstered, with piped detailing, in one of our fabrics or alternatively in your own fabric, faux suede or leather. Match the divan fabric with the headboard fabric for a striking look. Each divan can also incorporate a range of practical hidden storage solutions.

...finishing touches

Select the style of feet you prefer for your divan base, from traditional chrome castors to elegant tapered wooden feet. Alternatively add a sophisticated skirt, wooden plinth or upholstered bumper around the entire base of the divan for a luxurious finish. Then choose a beautiful upholstered headboard style to crown your bed and create a truly sophisticated design statement.

Sleep Soundly

Re-energise your body, mind and soul

When you need to create a truly memorable night's sleep for your clients, you need a bed partner and a brand that you can count on, time and time again.

Hypnos is the only bed manufacturer to win the National Bed Federation's "Bed Manufacturer of the Year" award twice, in 2011/2012 and in 2014/2015, plus for the fifth year running, a Hypnos hotelier has won the 'Comfiest Bed' award in the Best Kept Secret Awards by LateRooms.com.

Hypnos prides itself not only on its expertise in the art of bed making, but also on its insight into sleep, designing beds to provide your client with a relaxing and rejuvenating night's sleep and a positive, energetic start to the day.

We spend a third of our lives asleep, so there can be no better investment than a quality handcrafted mattress – the ultimate retreat for our body. At Hypnos we truly believe that the mattress you sleep on will make a difference to the quality of our life and wellbeing. A mattress is one of the most important purchases you will ever make. Invest wisely and always choose a quality and durable mattress that will help to take care of you, your loved ones and your clients.

"Getting enough sleep is essential for your physical, mental and emotional health..."

"Sleep experts – it is a supremely comfortable bed that is at the heart of a truly memorable night's sleep – helping customers to sleep better and enjoy life more."

"Trusted – found in the world's finest homes, palaces and hotels."

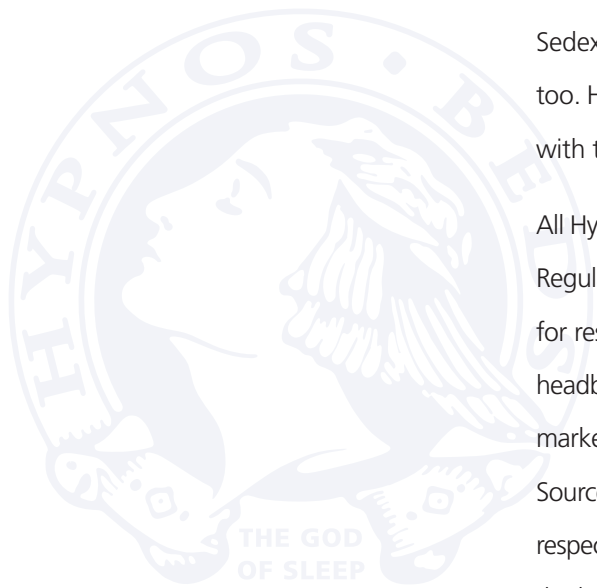

Safety, Design and Eco Credentials

Hypnos is committed to using only the finest environmentally friendly, sustainable materials of the highest quality. Hypnos has also passed the Sedex ethical audit. All our beds are 100% recyclable at the end of their life, too. Hypnos is the first UK bed manufacturer to be carbon neutral, complying with the BS PAS 2060 Carbon Neutrality Standard.

All Hypnos products meet or exceed The Furniture and Furnishings (Fire) (Safety) Regulations, which are amongst the strictest in the world – BS 7177 (Low Hazard) for residential divans and mattresses, and BS 5852 (Low Hazard) for residential headboards and sofa beds. Hypnos also makes products for the hospitality market which meet the higher standards of BS 7177 (Medium Hazard) Ignition Source 5 (Crib 5) and BS 7176 (Medium Hazard) Ignition Source 5 (Crib 5) respectively. In addition, marine mattresses are Wheelmark approved and meet the latest International Maritime Organisation (IMO) fire safety regulations.

Our membership of the British Institute of Interior Design (BIID), the Society of British and International Design (SBID) and the Interior Design Association (IDA) reinforces our commitment to design excellence and sustainable design.

"Whether you need one or one hundred beds, Hypnos will arrange the safe delivery and installation of your new beds. Hypnos will also take away the old beds, shredding each mattress and divan, creating recycled raw materials for re-use in other industries – 100% landfill avoidance."

Project Management

Hypnos' project manager will work hand-in-hand with you at every stage to ensure that creating and delivering your client's dream bed is a stress free, intuitive and above all, rewarding experience.

With a passion for bed making and an illustrious pedigree for helping to create the hotel industry's most beautiful and most comfortable bedroom centrepieces, Hypnos has developed an unrivalled collection of services to help you meticulously plan and schedule the timely production, delivery and installation of your beds and mattresses.

In point of fact Hypnos' dedicated installation team meets the highest on-site health and safety standards, ensuring minimum disruption and maximum efficiency against an agreed phased schedule, programme of works and set of costs.

Hypnos' complete project management service is outlined within the 8-point plan below:

- 1 Initial Consultation, Survey and Project Planning**
- 2 Comfort Analysis and Specification**
- 3 Detailed Design and Styling**
- 4 Quotation**
- 5 Delivery and Installation**
- 6 Disposal and Recycling of Old Beds**
- 7 Sleep Extras (pillows, protectors, linens*)**
- 8 Guarantee Registration**

"Whatever your client's needs... whether a made to measure mattress, with cut out corners for a period bed frame, or a round bed, or tapered shaped bed for a yacht, or a large winged headboard to crown your bed... Hypnos will create a bespoke solution just for you."

*Hypnos can recommend suppliers of the finest Egyptian cotton bed linens, whether standard or made to measure sizes.

The Hypnos Difference

- 1 Over 100 years bed making experience
- 2 Independent, family-run British company
- 3 Only active bed supplier to the Royal Family
- 4 Experts in bespoke made to measure beds
- 5 Specialists in handmade pocket spring beds
- 6 Use only sustainable and natural materials
- 7 The UK's only Carbon Neutral bed maker
- 8 Beds designed for a healthy and rejuvenating sleep
- 9 Beds meet all fire safety regulations
- 10 A full in-room installation and old bed disposal
- 11 Affordable luxury and true value for money

"The Royal Warrant reinforces Hypnos' reputation for service excellence and the very best of British quality."

"Whatever the project, Hynnos takes pride in helping interior designers to design a supremely comfortable and stunning bed, on time and with complete cost certainty."
